#### Find something to be happy about.

With each moment of bliss, more of that which you've identified as your desire flows to you, until another moment of bliss comes and another, and another, and it seems as if the entire Universe revolves around you of and it does.

Excerpted from Abraham-Hicks Workshops G68/18/016 San Francisco, CA G-10/1/01 6 Albany, N

We would say anybody who is diligent within 30 days can shift the dominant vibration within them on EVERY topic that is significant to one that allows the Well-being in the way you want it to be.

## Day 1 "Nothing needs to be fixed. Everything is unfolding perfectly. So when you stand in your now accepting that all is well, then from that vibration, you become surrounded by more and more evidence that all is well. But when you're convinced that things are broken, that there is pollution, or that things have gone wrong, or that the government is doing conspiracies... then what happens is you get caught up in that vibration, and you begin to manifest that kind of stuff, and then you say, "See, I told you that things were going wrong." What am I seeing in and around me that indicates all is well?

# Day 3 "The easiest way to let it in is by talking about what you want and why you want it. What you want and why you want it, is usually the purest form of your vibration." What do I want and why do I want it?

# Day 6 "No matter what the issue is, don't try to justify why you don't feel good. And don't try to justify why you should feel differently. Don't try to blame whatever it is you think the reason is that's keeping you from feeling good. All of that is wasted effort. Just try to feel better right now." How can I feel better right now:

# Day 7 "Those old habits don't have to be erased, they just become replaced by a new habit that is more in vibrational harmony with who you are and what you want." One old habit which I have is: I can replace it with:

# Day 8 "You could have 99 things going wrong in your life and one thing going right, and if you would beat the drum of that one thing going right, the other 99 would either have to go away, or improve, because Law of Attraction cannot abide in your vibration something that does not match." One thing that is going right in my life is:

And opening the valve to receive what it is you are wanting. Most pray from a valve closed. Most see a condition not wanted, so wretched they can't bear it, and with their valve closed, they pray. But they cannot receive the answer or the satisfaction of the prayer because vibrationally they are disallowing it!"

## Day 13 "Mining the moment for something that feels good, something to appreciate, something to savor, something to take in, that's what your moments are about. They're not about justifying your existence. It's justified. You exist. It's not about proving your worthiness. It's done. You're worthy. It's not about achieving success. You never get it done." Today, I am appreciating and savoring:

### Day 14 "You cannot be all things to all people to keep them in the place of connection because it's not about you. Their connection is about them. Finally, with enough trial and error, you come away from it saying, "Oh, it's not my job to please them. It's their job to please them. It's my job to please me." It's your job to find vibrational harmony with you and You. Sometimes people hear us say these words, and they worry. They say, "Abraham, you teach selfishness." And we say, indeed we do, because if you're not selfish enough to connect to Source Energy, you don't have anything to give anybody anyway. They say, "But, we worry, if you teach people to just please themselves, then will not they be out there doing all kinds of abhorrent things that will negatively affect the rest of us?" And we say, any abhorrent things that they do, only affect them and others that are a vibrational match to them. They cannot assert themselves into your experience. Everything is about attraction." Today I am pleasing myself by doing:

X.	People, all the time, are saying to us, "Abraham, I want to win the	
<b>\</b> .	ottery!" Well, we know why they want to win the lottery. That is	
	ogical. We want you to win the lottery! We would like you to allow the abundance that is	
^	natural to you to flow to you. We know that money is synonymous with freedom and that,	
≺ t	the more freedom you feel, the more your valve is open and the more of it you spread	
, a	around to others, you see.	
	But there's not one in a million of you who has opened enough outlets for that money to	
•	flow. You say, "I want ten kajillion dollars to come to me! And we say, "What would you do	
	with it?" And you can only tell us what you would do with a few thousand. "Oh, I'd get out	
	of debt," you say limply. "I'd buy a new car," you say limply. We say, "You're asking for millions and you're [only] spewing ten	
^	thousand to the borders of the Universe." In other words, there's a tremendous	
	mbalance. You've got to blast those Energy Dollars out there. "I'd do this. I'd do this.	
	'd do this. I'd do THIS. I'd do THIS. I'D DO THIS!" And, in the	
< i	dentifying of what you would do, you open valves. You create Energy vortexes. You create	
< a	a funneling sensation that literally sucks, from the boundaries of the Universe,	
	circumstances and events that will satisfy your desire.

People believe that you've got to focus upon the problem in order to find a solution.
